

FICCI Chemicals and Petrochemicals Awards 2018

India's vibrant Chemicals & Petrochemicals industry is a focus destination for investment and it has witnessed robust growth in the past decade. It is a knowledge as well as capital intensive industry which employs a large number of people. The share of GVA (Gross Value Added) of this sector in manufacturing sector is about 7.21% and about 1.2% in National G.V.A.

It is important that Sustainability initiatives in industry need to be recognized as also encouraged so as become role models for replication by others. **Accordingly, FICCI initiated the “FICCI Chemicals and Petrochemicals Awards Scheme” in 2012. Following the over-whelming response received during past six years, we now invite applications for the “FICCI Chemicals and Petrochemicals Awards, 2018”.**

The Awards will be distributed at the time of India Chem 2018 which is being jointly organized by FICCI and Department of Chemicals and Petrochemicals, Government of India on 4th October 2018 at Bombay Exhibition Centre, Mumbai.

We invite the Indian Chemicals & Petrochemicals industry to actively take part in the Award scheme so that their good activities are shared. The last date for receiving applications is 15th August, 2018. Kindly apply in time as the process involves very detailed scrutiny by technical experts as also high powered Jury.
